STREET CROSSINGS SHOULD BE CLEARED

The condition of the streets caused by the recent heavy rain has again demonstrated the necessity of clearing off the crossings, especially in the downtown area. The street crossings have been very muddy and it is to be hoped that the council will take up the matter of the crossings and decide on a permanent policy to meet the situation arising with snow.

JOE CLARKE ELECTED MAYOR OF EDMONTON

There may be many things about the principles of law that Joe Clarke does not know very well, but there is one thing he does know, and that is his Edmonton.

Joe Clarke, who has been in the city five candidates in the field, the mayor of Edmonton for a majority of more than five hundred over his nearest opponent, Jim Douglas, won several years ago occupied the mayoralty chair.

Even in his expression Joe Clarke always carried a certain vote in the East End, which year in and year out he could always count on.

It would appear from an analysis of the vote that the council will be largely to the support of social Crediters.

MUD—AND MORE MUD

The streets of the Peace River Country are in a state of mud. The mud is so bad that it is impossible to walk on it. The mud is so bad that it is impossible to walk on it.

The reason for this is due to the heavy rain which has fallen in the last few days. The mud is so bad that it is impossible to walk on it.

There is no need of compensation. If the streets and roads did not hold up the land would not be fertile. The mud is so bad that it is impossible to walk on it.

As I start out each morning to capture the odd news item I pay to my neighbor, "Mud is the right name, make it to the left of me. Push on, reporter!" And let it go at that.

FAMOUS BUCKING HORSE PASSES
I notice in the press news that Midland, the famous bucking horse, recently died, after being three years in retirement. For four years he was a champion of the bucking horse world. It was only when he became old and was sick at the time that his black beauty was finally conquered.

I recall seeing Midland shifting the most active in the Peace River Country. He was a champion of the bucking horse world. It was only when he became old and was sick at the time that his black beauty was finally conquered.

There was assembled at this stadium a bunch of the finest riders ever in the Peace River Country. Among this class bunch were "Fumble Wood" and "Blondie" and "Reddy" and "Buckley."

Midland died on a ranch in Colorado at the age of twenty. He was a champion of the bucking horse world. It was only when he became old and was sick at the time that his black beauty was finally conquered.

IN THE TRIBUNE'S MAIL BOX
Dear Editor:

On November 11 many countries throughout the world were celebrating the Armistice Day. I thought I would write you from uniform and over radio and in the Peace River Country we felt some small measure of pride in the thought that we were kin to those who had won the war.

There was assembled at this stadium a bunch of the finest riders ever in the Peace River Country. Among this class bunch were "Fumble Wood" and "Blondie" and "Reddy" and "Buckley."

Let us hope that the boys of the Peace River Country will be able to do so well in the future as they have done in the past.

A Trip "Outside"

By DAVE MACKINTOSH

The editor having asked me to write a few words about my trip to the outside, I kept a few notes as I went along, and added a few lines covered my trip very completely in the Northern Tribune. I have covered its defects, its interest to the Tribune readers. Although written in a friendly spirit, I admit that it was accompanied on the trip by my sister, Mrs. John Dewar of Appleton, who made the trip to visit a friend of her husband whom she had not seen for some time.

Taking my first trip to the "outside" since 1917, I heard the last time I travelled "down" over the D. & G. was in 1917. I heard the last time I travelled "down" over the D. & G. was in 1917. I heard the last time I travelled "down" over the D. & G. was in 1917.

The "Outside War" was brought on, as we all know, by the desire of a handful of men for power and domination. It was a war of the few against the many. It was a war of the few against the many.

However, on my trip out, of course, I was not alone. I was accompanied by my sister, Mrs. John Dewar of Appleton, who made the trip to visit a friend of her husband whom she had not seen for some time.

There were a number of hush about the trip, and I was not alone. I was accompanied by my sister, Mrs. John Dewar of Appleton, who made the trip to visit a friend of her husband whom she had not seen for some time.

After quite a few hours of travel through the country, I was not alone. I was accompanied by my sister, Mrs. John Dewar of Appleton, who made the trip to visit a friend of her husband whom she had not seen for some time.

mean very poor prices next fall. It will not be very welcome to find that Canada's low prices, due to the fact that it has supplied corn in goodly quantities to the United States, will be a disadvantage to the farmer. The farmer in Britain, were staying at a good level next fall again. Going out of the market, the farmer in Canada, who is a wheat market one, two or three years from now. This is worthy of consideration.

PROFITABLE FEEDING
Certain combinations of feeds give the best results when fed to pigs. The feeds alone are too bulky and invariably mean less growing and may prevent the pig from reaching its full size. It is not so much the quality of the feed but the quantity. The pig should be fed on a regular basis. The pig should be fed on a regular basis.

SPIRIT RIVER NEWS

REMEMBRANCE DAY

SPRIT RIVER, Nov. 16.—A well attended Remembrance Day service was held in St. Andrew's church (Cathedral) at 10 a.m. Monday. Rev. J. W. Donaldson, B.A., and Rev. A. Thorne, B.A., officiated. Nurses Innes and Nurse Macdonald were on the roll of Honor. Roland Kerr, son of "Chimp," Kerr, V.C., sounded Last Post.

We were sorry so few of the returned men were present. This is one occasion when the return men should turn out in full force as a token of respect and remembrance to their fallen comrades.

A banquet was held in the Masonic Hall at 6:30, which was well represented, when about one hundred and fifty husbands, wives and sweethearts sat down to a sumptuous meal put up by the soldiers' wives, all catered for by Mrs. Rasmussen.

President Innes was toastmaster, who proposed a toast to the King, which was responded to by George T. Lavelle of Grande Prairie. "To the Fallen Comrades," by Comrade Jolly, who replied with a very touching address. Comrade Morris gave a very thorough outline of the Legion and its workings in the north to the Legion, stressing the importance of cooperation, also giving President Alex and his executive great praise for the work they have done in the past to make this a strong body in the district. He also expressed our sorrow and anxiety as to the health of our Dominion veterans.

Miss Deloris Klatt spent last week-end with Betty McGregor.

The Women's Missionary Society are holding their regular meeting at the home of Mrs. H. Moore next Thursday.

Several other toasts were proposed and duly replied to, with singing intervals, when all the old-time war songs were revived and given heartily.

Comrade Leslie, who has been given "The Greeting Major" in his jolly way, which is part of the program at this date, also looked forward to, also Comrade French with "Bartle".

The ladies, those there, were thanked by Comrade Hager, who tried an impossible task—to express our appreciation for their cooperation and the good-spirited way in which they saw that the tables were laid out for the good. Great praise is due them and I am sure the boys all appreciate the sumptuous feed.

We were glad to have Comrade Resent with us, who has spent the past ten Armistice celebrations with the Spirit Riverites.

The dance which followed the banquet was a record, with a large attendance.

The Legion wishes to thank all who assisted and gave their time and labor to making this occasion a real success.

LADIES AGAIN SHOW THE WAY

The "Hill Bells" are their play "A Southern Cinderella" in the Masonic Hall, Friday the 13th, to a well filled house.

ATTENDING CONVENTION

Walt Mosier and Ed McKenney left last train for Edmonton and Calgary to attend a municipal convention. We understand Walt is going to have a minor operation on his way back. We hope Walt can keep a tight line on Geo, who is apt to stampede when he sees the bright lights.

BOYS OF MANY LANDS TO SING TOGETHER

The popular boys' songs of many nations will be a feature of the camp fire programs of the fifth world gathering of Boy Scouts, to be held in Holland in August of 1937. Each of the eight sub-camps will have its own camp fire, and two general camp fires will be held for the entertainment of visitors.

C. G. I. T.

(Continued from Page Two)

men and women were lashed, drawn and quartered for the least trifling crime. A little more than one hundred years ago, the world was a place of terror and misery; men and women inured to the chains of slavery, to the lash and the gallows; men and women who had no other recourse than to the force of the same human effort, greater things still will be accomplished, among them the banishment of the greatest monstrosity of all—War.

Many will tell us that these things have always been here and so will always be here. But for the scientist, the engineer, the man of business, the teacher, the artist, the making of a New Future on the ruins of an Old Past is the most glorious of all things to look forward to.

—Dreams are they—but they are God's dreams!

Shall we deem them and scorn them?
That men shall love one another,
That white shall call black man brother,
That greed shall pass from the market place,
That lust shall yield to love of the race,
That man shall meet with God face to face—
Dreams are they all,
But shall we despise them—
God's dreams?

"Dreams are they to become man's dreams,
Can we say nay as they claim us?
That men shall cease from their hating,
That they shall cease to be abating,
That the glory of kings and lords shall pale,
That the pride of dominion and power shall fall,
That the love of humanity shall prevail—
Dreams are they all,
But shall we despise them—
God's dreams?"

What a Girl Can Do to Promote World Peace

By June Thomson

This topic, which first presented, seems rather bewildering. What can one person do to promote world peace? We are inclined to regard ourselves as insignificant beings on a huge planet, unable to control ourselves or other people from what seems the inevitable course of war.

A girl, however, training herself to this cause, may influence others to great things by her very thoughts, words and actions. Certainly a C. G. I. T. girl, living up to her purpose, will do her utmost for world peace.

First, this girl, for her purpose, must educate and control her personal attitude. It is of great importance for the individual to seek and acquire knowledge and understanding of other races. This can be done by reading books depicting life in foreign lands, seeing pictures, movies, and often leaving the most vivid impressions. Most valuable, though, in doing away with individual prejudice is the personal acquaintance of girls and boys from other lands. As Canada is the home of many nationalities and Asiatic immigrants, Canadians are apt to be more broadminded and tolerant than people of other nations would see them. Thus it is important to establish a world view of international affairs.

This girl should also assume responsibility for establishing her purpose. In her home she should have a youthful outlook, to overcome any narrowness of her parents. Her brothers and sisters should be made to understand her attitude and carry it out. School affords a splendid opportunity to express her conclusions.

In her daily relations, A superior attitude should be avoided and friendliness shown to new Canadians learning our language and used by the new faces and customs. In the community, habits of conversation in speaking of other races should be guarded. The Italian is not a "Dago" but a human being whose feelings are easily hurt. A friendly and attitude should also be held in regards to new Canadians making their living in our land.

An C. G. I. T. girl she must also feel a responsibility in terms of national life. Cultivate a broad patriotism based upon high ideals, not war munitions. Keep informed regarding efforts toward world peace. She might attend meetings where it is being promoted and become a member of a League of Nations Society. This will educate her mind in the lines of others and help her.

Thus her purpose to help others, keep her mind active, seek the truth of world struggles may be exemplified as she holds up the Torch lit by Christ for world peace.

In her daily relations, A superior attitude should be avoided and friendliness shown to new Canadians learning our language and used by the new faces and customs. In the community, habits of conversation in speaking of other races should be guarded. The Italian is not a "Dago" but a human being whose feelings are easily hurt. A friendly and attitude should also be held in regards to new Canadians making their living in our land.

An C. G. I. T. girl she must also feel a responsibility in terms of national life. Cultivate a broad patriotism based upon high ideals, not war munitions. Keep informed regarding efforts toward world peace. She might attend meetings where it is being promoted and become a member of a League of Nations Society. This will educate her mind in the lines of others and help her.

Thus her purpose to help others, keep her mind active, seek the truth of world struggles may be exemplified as she holds up the Torch lit by Christ for world peace.

"FURY" SYDNEY AND SPENCER TRACY WIN
LAUREL & GAY PRIZES
A Terrific Wallop

Sylvia Sydney and Spencer Tracy are the brilliant costars of "Fury," the Metro-Goldwyn-Mayer picture at the Capitol Theatre, Grande Prairie, Thursday, Friday and Saturday, November 20, 21 and 22.

And in this powerful screen play, directed by Fritz Lang, they give performance that will linger long in your memory.

The narrative, based on an original story by Norman Krassa, has to do with the tragic encounter of two young lovers on the eve of their marriage. Tracy, as the man, is arrested as a kidnap suspect and apparently doomed to death by a furious mob that storms and fires the prison in which he is held.

His life, wrecked and his mind twisted by the horror he has lived through, he goes into hiding and contrives to have twenty-two of the mobsters convicted of his murder.

As a hard-hitting indictment of a nation's "crime," "Fury" stands out as one of the fine pictures of the year for its power, life, its altogether objective approach to the subject of mass lawlessness.

In its social value, however, it is tremendous screen fare, acted with unusual skill by the costars and a cast that includes such sterling performers as Walter Abel, Bruce Cabot, Edna Ebb, George E. Stone, George Walcott, Frank Albertson and many others.

If you want drama that "gets you," it is a grand treat in the acting, photographic, directing and editing departments—a personal triumph for Fritz Lang, who sends it forth as his first American picture.

STORY OF CANADIAN MOUNTIES RELATED IN "SECRET PATROL"

Hiding triumphantly into fresh adventures and conquests, Charles Starrett, new author star of the screen, will be seen at the Capitol Theatre, Monday, Tuesday, and Wednesday, November 23, 24 and 25, in the picture, "Secret Patrol," in which he leads a strong cast.

The dramatic action against the Northwest from the pen of the famous author, Pete H. Kyne, was filmed in its entirety in Canada against the colorful background of the Canadian Rockies and presents new high standards in photographic excellence, intent upon creating local troubles in a large local camp.

Starrett is seen as a Mountie in love with pretty Fina Barton, who is engaged to his pal, Henry McMillan. With this interesting situation, presenting in itself a problem, additional complications are added when a dangerous mission and Starrett is assigned the task of solving the case and avenging his lost friend.

"THE THREE WISE GUYS" PROVES ENGAGING FILM

Mirth in the ultra-modern manner is the keynote of Damon Runyon's engaging story, "The Three Wise Guys," which Metro-Goldwyn-Mayer picture will be at the Capitol Theatre on Monday, Tuesday, Wednesday, November 23, 24 and 25.

Robert Young is captured with attractive Betty Furness in a tale of reckless youth as pleasant as might be definitely anticipated from the mind of Runyon, whose ideas people are as fresh as today's news.

The story relates the adventures of a youthful boy who, while traveling on a de luxe train, meets a charming girl. The fact that she is living on the dangerous edge of society—drawn toward respectability by the innate refinement of her character, away to the half-world by outside influences—leads drama to the wealth of humor. Certainly they fall in love and the three wise guys who would circumvent the romance are hopelessly defeated in a swift-paced battle of wits and wits.

LONDON, Nov. 19.—Alfred Duff Cooper, Secretary for War, warned that a breakdown in British aid to the United States would be disastrous. Unless there is improvement in the future, the system will break down." Some observers have suggested imposition of conscription as a possibility.

NEW 1937 FORD V-8s ANNOUNCED

The new Ford V-8 cars for 1937 possess a number of outstanding features, principal among which are: Two engine sizes—a brand new 60 horsepower V-8 making its first bow in the North American motor car market, and the famous 36 horsepower V-8 with a number of important refinements. The car itself is built in only one size, with an standard of roomy comfort and modern appearance.

New cable-and-conduit control soft "easy-action" brakes, with "the safety of steel from pedal to wheel."

New hood lines in which the "tear drop" form has been used wherever practicable. Headlamps in fender housing.

In the eleven body types available a de luxe five-passenger club coupe is new. Five body types come either with or without de luxe equipment, six with de luxe equipment. There are six colors, four of which are new.

All steel body, including new all-steel top as well as steel structure, steel panels and all-steel floor.

Improved "finger tip" steering, with increased wheel leverage of 18-2 to 1 and worm and roller gear.

Increased comfort, including new quietness of operation.

The new car, according to those who previewed it at the Ford dealer meetings in Windsor and Detroit recently, is the most beautiful Ford ever seen since the Ford without a break from the smart radiator grille through the new shield-type hood, the new slatted-type windshield and the smoothly moulded steel top to the graceful reverse curve of the rear quarter. Virtually every visible component of the car reflects the tear drop form.

The interior reveals the same meticulous attention to details. The treat-

ment is modern. Upholstery is pillowed, with wide plush seats are wide, deep and soft-cushioned. The instrument panel is grained, with the dial and gauge controls in front of the driver. Starter button is on the dash, the hand brake at the left under the panel, out of the way of front seat passengers.

From a mechanical standpoint the most important development in the new Ford is the 60 horsepower V-8 engine. Although new to this continent, it has been built in England and France for more than a year for Ford cars of the way to the European market. There it has been an outstanding success.

The new engine was developed primarily to give the motoring public maximum fuel economy. Its introduction marks an important deviation from the continuous trend during recent years toward higher horsepower and extreme performance. As the engine, clutch and transmission assembly weighs considerably less than the 85 horsepower unit, it permits a lighter car, with resulting greater economy.

The new engine is approximately two-thirds the size of the larger unit. Its bore is 2 1/2 inches, stroke 3 1/2 inches and piston displacement, 136 cubic inches, against 221 cubic inches for the larger engine. Equipped with the 60 horsepower engine, the car's top speed is about 70 miles an hour, comfortable cruising speed 55 to 60 miles an hour.

All the refinements of the big engine are incorporated in the smaller unit—cylinder blocks and crankcase cast integral cast alloy steel crankshaft, high chromium alloy valves with high tungsten chrome alloy steel valve seat inserts, dual down-draft carburetor, high compression ratio, air cleaner, directed-flow crankcase ventilation and new cooling system.

Improvements have been made in the cooling system. The two water pumps are of higher circulating capacity, and the radiator, located at the front of the cylinder block. They are automatically lubricated and self-sealing.

The engines are equipped at four points in rubber. Spare wheel and tire are carried in side in all body types. The new body design permits an unusually large luggage compartment.

However, we are making arrangements to have a game of this kind at the school here on Wednesday. It is a well known fact that the weather man can change his tune and tone in a miraculous manner.

Mr. John Blom of Meadowview has completed the erection of an additional structure to the west end of the school yard, for the use of the school. This will now provide sufficient accommodation for all the horses being driven to school.

SPORTS DANCE, NOV. 20

The dance, as previously advertised, will be held here at Scenic Heights, Friday evening, November 20. The Frisberg Orchestra are supplying the music and a good crowd is anticipated.

DISTRICT HOME MODERNIZED

With the installation of an up-to-date De Luxe light plant and attractive electrical fixtures, another of the modern conveniences was added to the R. Harvey residence in this district last week. The barn is also equipped with electric lights and a yard light is arranged in such a manner as to illuminate the entire yard. This farm home now has all the comforts and conveniences of the city, and as such homes are the exception rather than the rule, it is a very creditable reflection on a progressive community.

LEAVES TO ATTEND POOL

Mr. E. H. Keith, for many years a local representative in the Alberta Wheat Pool, expects to leave on Friday's train for the outside to attend the annual convention.

LOCAL BRIEFS

It is reported that Mr. B. Thorne has been sick, but it is to be hoped that he will soon be enjoying his usual good health again.

Mr. G. Collinson, who has for the past few years been employed by Mr. L. Hohen, has left for the outside where he expects to retain his wife.

Mr. Wilbert Richards left a week ago to continue his training in mechanics at the Technical School, Calgary.

Mrs. L. Heiken was a visitor at Harvey's on Wednesday.

Mr. G. Edgar is showing great skill again this year in playing "Hingo," having won two prizes already this season.

Mr. Walter Richards made a trip to Grande Prairie Thursday, which afforded us the opportunity of getting supplies for the dance.
